

This PIN Switch, Discrete PIN, & Bias Tee sample kit features a small selection from our large catalog of products. MACOM designs, manufactures, and supports one of the widest portfolios of HMIC switches and surmount devices for microwave circuit applications, ranging from 0 MHz to 30 GHz. Our products are available in die, surmount, plastic and ceramic packaging for a variety of circuit configurations, providing high performance. For more information on MACOM's broad catalog of products, please visit www.macom.com

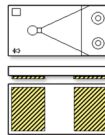

HMIC Switches & Discrete Surmount Devices

Part Number	Description	Frequency	Package
MABT-011000-14235P	Bias Tee	2- 18 GHz	ODS-1423/Surmount
MASW-002103-13630P	SPDT PIN Switch	50 MHz - 20 GHz	ODS-1363/Surmount
MASW-003103-13640P	SP3T PIN Switch	50 MHz - 20 GHz	ODS-1364/Surmount
MASW-004103-13650P	SP4T PIN Switch	50 MHz - 20 GHz	ODS-1365/Surmount
MADP-017015-13140P	Discrete PIN	50 MHz - 12 GHz	ODS-1314/Surmount
MADP-017025-13140P	Discrete PIN	50 MHz - 12 GHz	ODS-1314/Surmount
MADP-030015-13140P	Discrete PIN	50 MHz - 2 GHz	ODS-1314/Surmount
MADP-030025-13140P	Discrete PIN	0 - 1500 MHz	ODS-1314/Surmount
MADP-042305-13060P	Discrete PIN	25 - 3000 MHz	ODS-1306/Surmount
MADP-042505-13060P	Discrete PIN	25 - 3000 MHz	ODS-1306/Surmount
MADP-042905-13060P	Discrete PIN	25 - 3000 MHz	ODS-1306/Surmount
